The latter disaster has been fully as appalling as the former but perhaps has not affected as many prominent personages as did the foundering of the ill-fated Titanic.

In our rush of other work last week, we overlooked a few news items of importance. It is our desire to get all the news, all the time, but now and then a few items will slip by. We feel we have just reason for our oversight the past week, however, for we've been overseeing some improving at our home property and when a fellow has building and housecleaning on hand they can be excused for almost anything they may or may not do.

THE BARTELDSE SEED CO., Dept. "T," Oklahoma City, Okla. 5-2 5-16 3w

The most unique proclamation ever prepared in Oklahoma is that written by Miss Lorena Cruce, daughter of Gov. Lee Cruce, calling upon the people of the state to observe Mother's Day, May 12, 1912. It was written at the suggestion of the governor and met his approval without alteration when submitted to him. As Miss Cruce's mother is dead, she, although but 16 years old, is the "first lady of the land" in Oklahoma. The proclamation asks that "each citizen, whether old or young, rich or poor, happy or sorrowful, remember her whose love passeth human understanding and, remembering, manifest to the world your love and gratitude by wearing a white carnation in honor of the dearest of all mothers, and while wearing it, think of her and love her."—Guthrie Leader.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & Co., Toledo, Ohio.
Sold by Druggists, 75c.
